

# SIMnet Student Registration Guide

## Middlesex County College

<https://middlesexcc.simnetonline.com>

### 1. The SIMnet Log In Page

- a) Every school has its own SIMnet log in page. Our account URL (Web address) is <https://middlesexcc.simnetonline.com>. It is listed above as a hyperlink. Notice in the diagram below that our school name appears in the upper right corner of the SIMnet log in page. Before registering your account, be sure to double-check that you are using the correct SIMnet page for MCC.

## 2. I have a registration code

- i. If you purchased a registration code from the bookstore you will need to enter the code as part of the registration process. If you have not purchased a textbook for your class and/or are waiting for financial aid and need to activate the 21 day free trial, from the SIMnet log in page, click the **No, but I have a code** link.

The screenshot shows the SIMnet login interface. At the top left is the SIMnet logo with the tagline 'Keep IT SIMple!'. At the top right are the 'MHEDUCATION' and 'Mc Graw Hill Education' logos. The main content area contains a login form with 'Username' and 'Password' input fields, a 'Forgot credentials?' link, and a 'Sign In' button. Below the form is a section titled 'Are you new to SIMnet?' with a paragraph of text and a link. Underneath is a section titled 'Don't have an account yet?' with two radio button options: 'No, but I have a code' and 'No, I need to buy a license'. A callout box with a black border and a pointer highlights the 'No, but I have a code' option, containing the text: 'Click here if you have a registration code or want to activate the 21 day free trial.'

3. Please be sure to double-check that you are using the correct SIMnet Online site for our school. Select the Yes radio button to confirm you attend the school, select the No radio button to confirm that you do not already have a SIMnet user name. Click Next to continue.

4. Review the McGraw-Hill license agreement. Click the Check this box if you agree to the end user license agreement check box, and then click Next.

5. If necessary, expand the Campus list and select the correct campus. Click the name of the SIMnet class to enroll in, and then click Next.

6. Enter your registration code in the space provided or check off that you are activating the 21 day free trial and then click **Next**.

7. Enter your SIMnet registration information, and then click the Next button. All the information must be entered before you can complete registration.
  - a. Why do we require your email address? Your email is required so the system can send you your username and/or password if you forget them.
  - b. Why do we require your Student ID? The Student ID is used as a unique identifier for each student account. Some instructors require students to use their real student ID numbers, so SIMnet gradebook records can be matched with other class records. If you are unsure what to use for your Student ID, check with your instructor.

The screenshot shows a registration form with a progress bar at the top indicating steps 1 through 6. Step 5, 'Register', is currently active. The form is divided into two main sections: 'Personal Information' and 'Login Information'. Each field has a green checkmark to its right, indicating it has been filled out.

**Personal Information:**

- First Name: [Example]
- Last Name: [Example]
- Email: [Example@exampladdress.com]
- Student ID: [Example12345]

**Login Information:**

- Username: [Example]
- Password: [Example]
- Confirm Password: [Example]

Callouts provide additional instructions:

- A box above the name fields states: "Enter your first and last names here. This is how your name will appear in the SIMnet gradebook and reports."
- A box next to the password field states: "Password is case sensitive."
- A box next to the username field states: "Remember that your instructor will see your username in the gradebook and Simnet reports. Use something appropriate and easy to remember."

A blue 'Next' button is located at the bottom right of the form.

8. The final page confirms your registration information. If this information is correct, your registration is complete. You can throw away the registration code, as it is only good for a single registration. Click the **Finish** button to return to the main page where you can now enter your username and password to log in to SIMnet.

The screenshot shows the final confirmation page of the SIMnet registration process. At the top, a progress bar shows steps 1 through 6, with step 6, 'Finish', highlighted. The main content area displays a confirmation message: "You have successfully completed SIMnet Online registration." Below this message is a table summarizing the registration details:

First Name	Example
Last Name	Example
Email	example@exampladdress.com
Student ID	Example12345
Username	Example
Registration Code	016622441744324

A blue 'Finish' button is located at the bottom right. A callout box points to the 'Finish' button with the text: "Click here to return to the SIMnet log in page."
